```csharp
1  using System;
2
3  public class Item : GameObject
4  {
5          public Item(string[] idents, string name, string desc) : base
            (idents, name, desc)
6          {
7          }
8  }
9
```
